DOCKET NUMBER 98P-0151/CP1

We are writing to you today because we want the trade in sick and injured animals to end for the sake of humanity and for the sake of disease. Of course, they should not be in this terrible condition in the first place if care had been taken in transport. The whole disgusting business needs to be organized both for the Safety of the public and the welfare of these animals that are bred for us to eat.

Please help end the diseases and the suffering of these unfortunate animals that are there only to be killed -Hopefully humanely but this is very much in doubt.

Sincerely,

Peter and Pamela Sabatini
